INTERSHIPS

Just like food, shelter and water are necessary for human survival similarly internships are necessary for a law student’s survival in the legal sphere. A well-versed student in academics doesn’t equate for a well-versed student in experience clubbed with academic knowledge. A law student gains this experience and contemporaneously inculcates work ethics by interning either under a lawyer or a law firm or a government body participating in legal sphere or a research organisation or any other legally-oriented institution.
