GREEN CAMPUS INITIATIVES INCLUDE

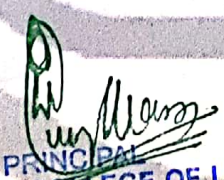

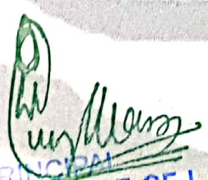

7.1.5: Green Campus Initiatives Include

1. Restricted entry of automobiles
2. Use of Bicycles/ Battery powered vehicles
3. Pedestrian Friendly pathways
4. Ban on use of Plastic
5. landscaping with trees and plants

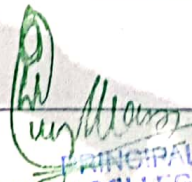

7.1.5	The College has Green Campus initiative include	
S.No.	GREEN CAMPUS INITIATIVES	FACILITIES AVAILABLE AT SV UNIVERSITY
1.	RESTRICTED ENTRY OF Vehicles	Al-Ameen College of Law. Here are some key benefits of promoting this practice: 1. Reduced Environmental Impact: Vehicles with pollution check stickers are typically compliant with emission standards, emitting fewer harmful pollutants into the atmosphere. This helps in reducing air pollution and its adverse effects on the environment and public health. 2. Compliance with Regulations: Many regions and countries have regulations in place that require vehicles to undergo periodic pollution checks to ensure they meet emission standards. Promoting the use of vehicles with valid pollution check stickers demonstrates compliance with these regulations. 3. Health Benefits: Reduced air pollution can lead to improved air quality, which has direct health benefits for both the campus community and the surrounding areas. Clean air contributes to better respiratory health and overall well-being.

Near Lalbagh Main Gate,
Hosur Road, Bangalore-560027
Ph: 080-22112563/65, Fax: 080-22278464

		4. Environmental Responsibility: By encouraging the use of vehicles that meet pollution standards, the college demonstrates its commitment to environmental responsibility and sustainability. This sets a positive example for students and staff. 5. Long-Term Sustainability: Reducing environmental pollution is essential for long-term sustainability. Supporting vehicles with pollution check stickers aligns with broader efforts to mitigate climate change and protect natural ecosystems.
2.	USE OF BICYCLES  PRINCIPAL AL-AMEEN COLLEGE OF LAW # 59, Behind Al Ameen Tower, Near Lalbagh Main Gate, Hosur Road, Bangalore-560027 Ph: 080-22112563/65, Fax: 080-22278464	Al-Ameen College of Law is an excellent initiative with several benefits: 1. Environmental Friendliness: Bicycles produce zero emissions, making them one of the most environmentally friendly modes of transportation. By choosing bicycles over motorized vehicles, students are contributing to reducing air pollution and their carbon footprint. 2. Health and Fitness: Cycling is an excellent form of exercise. Encouraging students to use bicycles promotes physical activity, which is essential for maintaining good health and well-being. It can also reduce the risk of lifestyle-related health issues. 3. Cost-Effective: Bicycles are a cost-effective mode of transportation. Students can save money on fuel, parking, and maintenance expenses associated with motorized vehicles. 4. Reduced Congestion: By choosing bicycles, students help reduce the congestion of

		motorized vehicles on campus roads, creating a safer and more pleasant environment for everyone. 5. Promotion of Sustainable Transportation: Promoting bicycles as a mode of transport aligns with the principles of sustainable transportation and can serve as an example for other educational institutions to follow. 6. Quick and Convenient: Bicycles are often a quick and convenient way to get around a campus, allowing students to move efficiently between classes, hostels, and other facilities. 7. Reduced Noise Pollution: Unlike motorized vehicles, bicycles are quiet and do not contribute to noise pollution, creating a more peaceful atmosphere on campus. To support and encourage this eco-friendly mode of transportation, colleges can provide bike racks and designated bike lanes for safe and secure parking. They can also organize awareness campaigns and events to promote cycling and its benefits for both personal health and the environment. Overall, integrating bicycles into campus transportation options is a positive step toward sustainability and a healthier lifestyle.
3.	PEDESTRIAN PATHWAYS FRIENDLY  PRINCIPAL AL-AMEEN COLLEGE OF LAW # 59, Behind Al-Ameen Tower, Near Lalbagh Main Gate, Hosur Road, Bangalore-560027 Ph: 080-22112563/65, Fax: 080-22278464	Having covered and tiled pathways on campus is a significant advantage for the students and faculty of Al-Ameen College of Law. Here are some benefits of such pathways: 1. Weather Protection: Covered pathways provide protection from various weather conditions, such as rain, snow, or intense sunlight. This allows students and faculty to move around comfortably, regardless of the

	weather. 2. Safety: Tiled pathways are typically safer to walk on than unpaved surfaces, especially during wet or slippery conditions. This can reduce the risk of accidents and injuries. 3. Accessibility: Tiled pathways are usually level and smooth, making them accessible for people with disabilities and those using mobility aids like wheelchairs or walkers. This promotes inclusivity on campus. 4. Aesthetics: Tiled pathways can enhance the overall appearance of the campus, contributing to a more attractive and well-maintained environment. 5. Durability: Tiled pathways are durable and require less maintenance compared to gravel or dirt paths. This can lead to cost savings in the long run. 6. Cleanliness: Tiled pathways are easier to keep clean, which helps maintain a tidy and hygienic campus. 7. Pedestrian-Friendly: Tiled pathways are designed with pedestrians in mind, ensuring a comfortable and convenient walking experience. Incorporating these features into the campus infrastructure shows a commitment to the well-being and convenience of both students and faculty. It also contributes to the overall functionality and aesthetics of the college environment, creating a positive and conducive atmosphere for learning and work.

4.

BAN ON USE OF PLASTIC

Al-Ameen College of Law has taken a proactive approach to banning single-use plastic items on its campus. Plastic pollution is a significant environmental issue, and efforts to reduce or eliminate single-use plastics can have a positive impact on the environment and raise awareness about sustainability.

Here are some benefits of implementing such a ban:

1. **Environmental Conservation:** Banning single-use plastic items helps in reducing the production and disposal of plastic waste, which can have harmful effects on ecosystems, wildlife, and water bodies.
2. **Health and Safety:** Eliminating plastic bottles, cups, and utensils can reduce the potential health risks associated with the consumption of food and beverages from plastic containers, as some plastics may leach harmful chemicals when exposed to heat or sunlight.
3. **Awareness and Education:** Creating awareness through orientation programs and display boards can educate students and staff about the environmental impact of plastic pollution and encourage responsible consumption habits.
4. **Aesthetics:** The absence of single-use plastic items can contribute to a cleaner and more visually appealing campus environment.
5. **Compliance with Regulations:** In many places, there are regulations and laws aimed at reducing plastic waste. By implementing a ban, the college demonstrates its commitment to complying with such regulations.

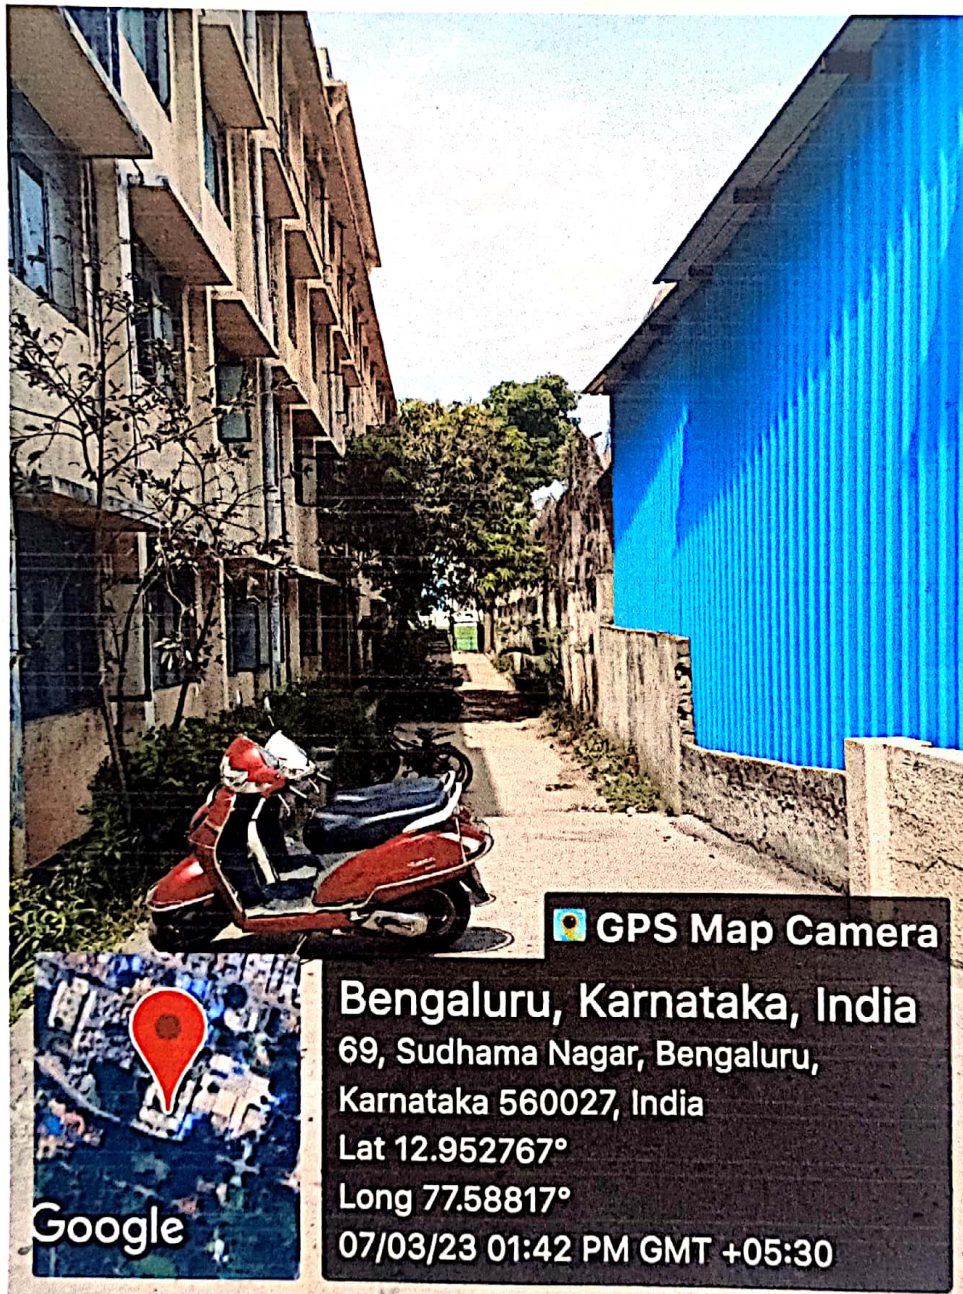

PRINCIPAL

 Near Lalbagh Main Gate,
 Hosur Road, Bangalore - 560027
 Ph: 080-22112563/65, Fax: 080-22278464

		It's essential to not only implement the ban but also actively enforce it and encourage alternatives, such as reusable water bottles and bags. Moreover, periodically assessing the effectiveness of the ban and maintaining a dialogue with the college community about the importance of reducing plastic use can help ensure its long-term success. Overall, this initiative reflects a responsible and sustainable approach to campus management.
5.	LANDSCAPING WITH TREES AND PLANTS	Al-Ameen College of Law! Having a mix of very old trees, middle-aged trees, young trees or saplings, as well as herbs and shrubs, can create a diverse and aesthetically pleasing landscape. Well-maintained gardens not only enhance the beauty of the campus but also provide a peaceful and green space for students and faculty to relax and connect with nature. Skilled and experienced personnel who take care of the gardens are essential for preserving the natural beauty of the campus. They can ensure that the plants are healthy, the trees are pruned properly, and the overall landscape is well-manicured. Such a campus setting can also promote environmental awareness and appreciation for biodiversity among the college community. It's great to hear that Al-Ameen College of Law is committed to maintaining its natural surroundings for the benefit of everyone on campus.

3. PEDESTRIAN FRIENDLY PATHWAYS

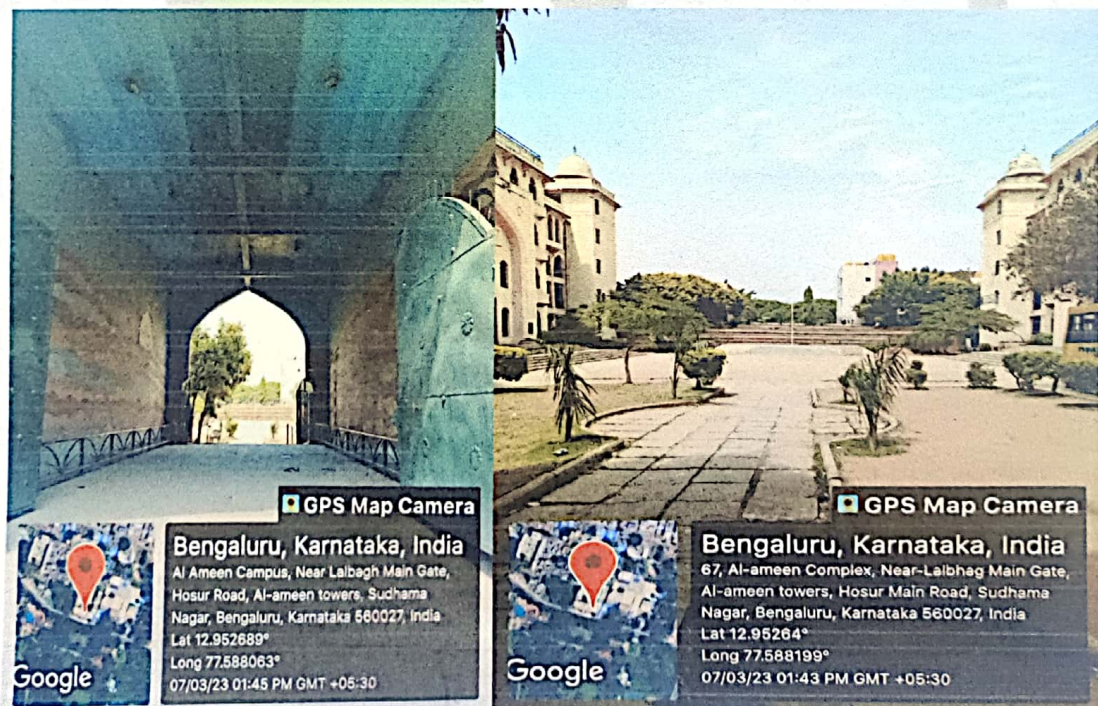

Vehicle parking space is provided at the main entrance of the college campus as well as in each and every college. As the campus is vehicle free with some exceptions, students and staff experience comfort walking through the pedestrian friendly pathways. The internal roads are lined with trees and lights and they are properly maintained by the campus maintenance committee. The university has covered pathways for the benefit of students and faculty. The pathways are tiled and pedestrian friendly.

4. BAN ON USE OF PLASTIC

University celebrates World Environment Day on 5th June. Single-use plastic items such as plastic bottles, bags, spoons, straws and cups are banned completely and awareness is created among staff and students through orientation and display boards in the premises. To restrict the use of plastic, measures have been taken to replace plastic tea cups and glasses with plastic free glasses in the canteen. The staff and students are informed to use steel or copper water bottles instead of plastic bottles. Students and faculty take oath not to use paper covers or bags. Under Swachchh Bharat Abhiyan, students with NSS volunteers pledge to keep the campus free from polythene.
