## BRIEF HISTORY

Al-Ameen Educational Society was started by Dr. Mumtaz Ahmed Khan in the year 1966 to meet the needs of the education in the city and across the country. Under the auspices of the Al-Ameen Educational Society, Institutions of various types are functioning all over India. There are more than 200 institutions at present.

Realizing the importance of legal education in a democratic setup, the Al- Ameen Educational Society, Bangalore started the Al-Ameen College of Law with 3 Year LL.B Course in the year 1991-92 and 5 year B.A.LL.B. Course in the year 2001. The College has been offering 3 years and 5 year LL.B Course. It is affiliated to the Karnataka State Law University and recognized by the Bar Council of India.

### **WARM GREETINGS!**

Moot Court is a venue, where the analysis, drafting, presentation and arguing skills of an upcoming lawyer are put to test. The AACL Mooters Society is a forum that assists the students of the college to develop their faculties of rational thinking, articulation, presentation of arguments and moreover strives to inculcate in each of the students, the spirit of professionalism, leadership and a strong desire for acquiring legal knowledge.

The AACL Mooters Society successfully organized the Dr. Mumtaz Ahmed Khan 6th National Level Moot Court Competition in the month of August 2023. Fifty colleges from all over India participated in the competition which proved to be a good platform for students to sharpen their advocacy skills.

**With great pride Al-Ameen College of Law, Bangalore announces its "Dr. Mumtaz Ahmed Khan 7th National Level Moot Court Competition-2024" to be held from 26th July to 28th July, 2024. The Moot Proposition focuses on "Emerging Trends in IPR and Constitutional Law". We truly believe that this competition is an attempt to recognize and appreciate the sharp legal minds across the country with a platform to develop their skills and showcase their legal knowledge.**

**We extend a cordial invitation to your esteemed institution to participate in the 7th National Level Moot Court Competition-2024. We expect students from all over the country to participate in the competition, showcasing their mastery on advocacy to be judged by some of the most elite names in both the corporate and the litigation sectors of the legal society.**

**We await your presence and look forward to the opportunity of welcoming your team at Al-Ameen College of Law, Bangalore.**

**Warm Regards,**

**Prof. Dr. Waseem Khan. M.I,**  
Principal, Al-Ameen College of Law, Bangalore  
Chairman, AACL Mooters Society.

### MOOT PROPOSITION

#### Madat & Ors. Vs Union Himvarsh

1. In the Union of Himvarsh a nation of over 1.4 billion people boasting the world's largest population and the fifth largest economy, a groundbreaking medical discovery has ignited a multifaceted legal conundrum.
2. Himvarsh characterized by its rich diversity encompassing religion, ethnicity, caste, language, and culture, is experiencing a rapid economic ascent driven by robust public spending, urban demand, and foreign investment. Despite global challenges like the COVID-19 pandemic and external conflicts, Himvarsh economy stands resilient, with a majority of its citizens expressing optimism about their improving living standards as of 2022.
3. Yet, amidst this economic progress, the country is still challenged by some killer diseases that just don't seem to decline cardiovascular diseases (CVDs) remain a persistent scourge, claiming a significant portion of the population's lives annually. In accordance with the World Health Organization, Himvarsh accounts for one-fifth of these deaths worldwide especially in younger population. The results of Global Burden of Disease study state age-standardized CVD death rate of 272 per 1,00,000 population in Himvarsh which is much higher than that of global average of 235.
4. Coronary artery disease has a high familial incidence indicating possible genetic association. Numerous studies suggest the presence of specific 'candidate genes' which are associated with pathways leading to coronary heart disease. Studies have revealed large numbers of genes that have a predisposition for coronary artery disease (CAD). Although preventable, the disease is killing more people every year. Understanding the causes and following precautions can help preventing the disease and possibility of death among individuals. It is surprising that heart diseases in Himvarsh occur 10-15 years earlier than in the west.
5. Responding to this pressing public health crisis, the ruling Himvarsh Political Party (HPP) has demonstrated proactive commitment by establishing dedicated research centers aimed at combating CVDs.
  1. Himvarsh Kendriya, cardiology Hospital and Research Institute, Naya Dhillika, MD Dr. Sanjay .
  2. Cardiotis Hospitals and Research Centre at Zumbai, Dr. Naresh Mishra.
  3. Cardiotis Hospitals and Research Centre at Tennai, Dr. Ashok Kaul.
  4. Cardiotis Hospitals and Research Centre at, Karunadu, Dr. Manoj Kumar.
6. In the year 2022, the government collaborated with Universal Medical Company, a private limited company hereinafter called UMC, a multinational pharmaceutical company which manufactures medicines for CVD using DNA technology and has many units across the world. In the same year a team comprising of Doctors, researchers of UMC, Indgad Kendriya, Cardiology Hospital and Research Institute, Naya Dhillika, Cardiotis Hospitals and Research Centre at Zumbai, Tennai and Karunadu headed by MD Dr. Sanjay Gupta, visited island situated in southern part of Indgad which consisted a dense tribal population named Bhil.

7. The features of this tribe is that the average life expectancy of this tribe is more than 100 years. Their physical features of these tribals are tall stature, rosy brown skin, oblique eyes, thick lips and curly hairs. A community screening program was conducted for these tribes for 10 days and during research, they found out that these tribes are less prone to CVD due to the presence of special DNA i.e., PCSK9+ that is a rare protective gene variant of large impact, that provide incredible health benefits that may someday be available to people who choose them.
8. Later the research team took the DNA of few Patients suffering from CVD and they processed for genetic engineering and conducted a clinical trial for a period of 6 months on 3 people of 3 different age groups: Mr. Satish, 52 yrs, Mr. Roshan Malotra 24 yrs and a pregnant lady Mrs. Sushmitha Anand aged 33 yrs who was CVD patient as well.
9. The research team took prior consent from Mr. Satish and Mr. Roshan Malotra, but Mrs. Sushmitha Anand was not informed about any clinical trials by her doctor. After the clinical trials it was reported that the patients were showing positive signs as their cardiac functions were normal and their conditions were comparatively healthy and they could continue a lifestyle like any other normal people.
10. The pregnant lady gave birth to a child and it was completely healthy, having oblique eyes, thick lips, and brown skin which was completely different from physical features of child's parent, this led to a tussle between the couples. When things went out of the control, one of the doctors revealed about the clinical trial, aggrieved by this, the couples filed a complaint before Himvarsh Medical Association HMA, and this incident was reported in the media as well.
11. After the success of clinical trial, the UMC Multinational Pharmaceutical company applied for patent in the year 2022, after due verification the Himvarsh Patent Office, at Naya Dhillika granted patent and the Drug Controller General of Himvarsh (DCGH), gave marketing approvals. The company manufactured the capsules named CARPIL-10.5 mg, packaging size of 50 tablets costing 4100/-. It was claimed by the company that these tablets prevent blood clots from forming in the blood vessels, prevents the clots from becoming larger and causing more serious problems, prevents recurrent stroke or heart attack and the course last for 6 months.
12. One Mr. Trivedi Ahuja, who is a social activist, runs an NGO named MADAT, filed a writ petition under Article 32 before Hon'ble Supreme Court of Himvarsh where he claims that the process of discovering this medicine was unethical and rights to Privacy of the individual is violated as the consent of the pregnant women was not taken and it was alleged that the research conducted on the tribals was conducted without informing them. He further claims that commercialization of the CARPIL is not fair and the Government should enforce compulsory licensing.
13. One Mrs. Summi Banerjee who is a research scholar in Biotechnology has filed an objection petition against UMC before High Court of Naya Dhillika against Himvarsh Patent Office for granting of a patent for CARPIL, because it is not an invention.
14. The Hon'ble Supreme Court of Himvarsh has decided to club all matters connected with UMC.  
**Note: All the laws of Himvarsh are pari materia to the laws of Union of India.**
